

## SOFTWARE DEVELOPER

# Siem van Bree

## PROFILE

Enthusiastic and motivated Software Developer in training, with a passion for technology and programming. I am driven to develop user-friendly and efficient software solutions. I possess a strong work ethic, both independently and as part of a team. Always looking for opportunities to further develop my skills and contribute to innovative projects.

## EDUCATION

**SUMMA COLLEGE (2022 - PRESENT)**  
Software Developer

**BRAVO COLLEGE (2016 - 2020)**  
Vmbo Theoretische Leerweg, Mavo

## SKILLS

**Social & Communicative:** Strong interpersonal skills, good at collaboration and supporting others.

**Leadership:** Experience in motivating and coordinating tasks within small teams.

**Problem Solving:** Creative in finding technical and practical solutions.

**Independent:** Able to manage tasks independently and meet deadlines.

## WORK EXPERIENCE

### VAN CRANENBROEK BUDEL (2022 - PRESENT)

Shelf Stocker / Warehouse Worker / Sales Assistant  
In this role, I work with various departments such as warehouse management and sales teams to manage inventory and restock products in the store. I assist customers by providing information about products and ensure excellent customer service.

### SPOTTA (2020 - 2021)

Flyer Distributor  
Responsible for delivering flyers within a specific area, ensuring accuracy and timely delivery of marketing materials. This role required an organized work pace and the ability to work independently while meeting deadlines.

## TECHNICAL SKILLS

**Programming Languages:** Experience with front-end development in HTML, CSS, and JavaScript, Xaml and back-end development in PHP and C#

**Frameworks/Tools:** Laravel, Git, Tailwind CSS, MySQL, API, and Figma

**Extra Languages:** Some Node.Js and VUE.Js

## CERTIFICATES

**Digital Proof Hackathon 2024**

(03 - 06 December 2024)

**Hackathon Mentech 2024**

(28 - 29 August 2024)

**Laravel Certificate**

(2 Terms at school)

**Health Tech Hackathon 2025**

(31 Jan - 01 Feb 2024)

## HOBBIES

**Programming:** Learning and developing new skills in software development.

**Photography:** Engaging in photography as a creative hobby, focusing mainly on nature and animals.

**Designing:** Creating designs for software development or other things I like.

## PROJECTS

**PROJECT: C# WPF SQLITE - FICTIEF PATIËNTEN DOSSIER (SUMMA ZORG)**

In this project, I worked with two fellow students to develop a C# WPF application with SQLite to manage fictional patient records. Users can create, edit, and store patient data such as name, age, medical history, and treatments as a PDF. I was responsible for leading the project, coordinating the team, monitoring progress, and ensuring effective communication.

**Technologies:** C#, WPF, SQLite, PDF Export, XAML
